<tr>
<td>三角形代表董，教，学三位一体：象征三方面齐心协力向上向善</td>
<td>红色代表校训：象征好学力行，自强不息。期籍此以激发莘莘学子发挥修身齐家，为国为民之崇高品格</td>
<td>白色代表纯洁：象征学识传授与人格培养并重。莘莘学子成为品学兼优的青年。</td>
</tr>
<tr>
<td>The three vertices of the triangle represent the main pillars of the school: the School Management Committee, the Staff as well as the Students. It symbolizes the synergy of their cooperation in achieving excellence for the school</td>
<td>Red represents the school motto, symbolizing diligence and perseverance. It inspires our students to develop self-discipline and strength of character to put country before self.</td>
<td>White represents purity, symbolizing the passing on of knowledge and the development of moral character.</td>

Success Through Diligence and Perseverance
VISION, MISSION & PHILOSOPHY

Our Vision

“A Premier and Prestigious School”
一所卓著优越的学府

Every Chung Cheng student is a competent and cultured individual that possesses Chung Cheng Spirit and strong moral character, and contributes to society.

中正学生是体现中正精神的
正人君子
了解中外文化并学有所成的社稷栋梁

Our Mission

To instill desired values in our students and develop their potential so that they will achieve excellence and contribute to the community, nation and the world.

Our Philosophy

有教无类

yǒu jiào wú lèi

Every Student Matters

We value each individual and recognise that different learners have different learning needs and abilities. We adopt student-centred approaches in our teaching and learning.
Our School Values

“Knowledge engenders wisdom,
Desirable personal values engenders humanity
With wisdom and humanity one would then
Be able to act with true grit and courage
In the face of adversity and challenges
A mere consideration of material success
would amount to nothing
if one does not uphold A good value system”
- Confucius

Our core values guide us in our daily decisions and actions so that we will be exemplary in our behaviour.
Chung Cheng Spirit

Chung Cheng Spirit is a spirit that developed from the love for the school. Students must love and have a strong affection for Chung Cheng so that the spirit that developed through that can be uniquely called Chung Cheng Spirit.

Chung Cheng Spirit is our identity, an identity that all students are proud of which bonds everybody together to do their best to uphold the school’s reputation and promote the school values.

Students should exhibit Chung Cheng Spirit in all areas of their lives like striving for excellence in their studies and CCA, doing their best for the interest of the school, actively participating and supporting school events, contributing to the school and eventually society and their alma mater even after graduation.

NATIONAL EDUCATION MESSAGES

Singapore is our homeland: This is where we belong. We treasure our heritage and take pride in shaping our own unique way of life.

We must preserve racial and religious harmony. We value our diversity and are determined to stay a united people.

We must uphold meritocracy and incorruptibility. We provide opportunities for all, according to their ability and effort.

No one owes Singapore a living. We find our own way to survive and prosper, turning challenge into opportunity.

We must ourselves defend Singapore. We are proud to defend Singapore ourselves, no one else is responsible for our security and well-being.

We have confidence in our future. United, determined and well-prepared, we have what it takes to build a bright future for ourselves, and to progress together as one nation.

### Non Examinable Subjects
- Social Studies (NT)

- Physical Education

### Values-In-Action Programme

This programme aims to nurture students to be socially responsible and to help them understand that every Singaporean has a role in enhancing the well-being of the community and the country. It is compulsory for all students to complete at least 6 hours of community involvement per year. It is hoped that this exposure will spur some students to develop a life-long habit of community involvement. VIA activities include fund raising efforts for charity, visiting homes and environmental conservation efforts.
**Learning Journeys**

This programme provides opportunities for students to visit various organisations to better understand how Singapore has overcome her constraints to achieve world-class standing, and to take pride in her achievements. The learning journeys also provide students with first-hand exposure to the richness of the various culture and traditions of our multi-racial society.

**NE Quiz**

All Secondary 4 students will have to pass the National Education (NE) Quiz to determine their knowledge of Singapore and their understanding of national issues before they progress to the next stage of education. This requirement affects all students, including all foreign students and Singapore Permanent Residents.

The NE Quiz will be conducted before the students sit for their GCE ‘O’ or ‘N’ Level examinations. Secondary 5 students who have passed the NE Quiz do not need to sit for it again when they attempt their GCE ‘O’ Level examinations, unless they want to improve on the scores they attained when they were in Secondary 4.

**PE Grade**

Students will be assessed in PE in four areas:

- NAPFA test
- Attitude (attendance and attire)
- Skills (practical)
- Knowledge on games and health matters (quiz)

**SCHOOL ASSESSMENT**

**Rationale of Assessment**

Assessment is an integral part of teaching and learning. Assessments provide on-going diagnostic data on student strengths and learning difficulties so that teachers can review and improve instruction. Performance data obtained also helps the school to make decisions regarding student progression. Frequent, rigorous assessments support students in developing personal discipline and responsibility.

**Frequency of Assessment**

The Instructional Program Steering Committee is the body responsible for planning school-wide assessments, namely Common Tests and Semestral Examinations. Notification of Common Tests and Examinations is sent to parents early in the year. The school involves parents / guardians to support and monitor their children’s learning. We provide termly reports to parents on the children’s learning and meet up with parents whose children may need additional support in any facet of their development.

**Types of Assessment**

Formal assessments we use include examinations, tests, practical exams, course work and written assignments. Informal assessments are also a regular feature in our classrooms and these include teacher observation of student learning, random questions to dip-stick the level of understanding, class presentations as well as self and peer evaluation of learning.
Continuous Assessment (CA)
CA may comprise formal or informal components and is a routine in our classrooms. As a guideline, the school requires all Secondary 1 to 2 subjects to incorporate alternative modes of assessments (non-traditional pen and paper assessments which focus on research, communication, collaboration and problem-solving skills / creativity). Such assessments will constitute 20% of CA1 and CA2 marks. This is also in line with the school philosophy of valuing learner diversity and allowing space for students to demonstrate learning and understanding through multi-modal performance tasks.

Semestral Assessment (SA)
For Secondary 1 to 3 students, two formal examinations are scheduled at the end of each semester. For the Sec 4 Normal classes, two formal examinations are conducted in May and in August. For the Secondary 4 Express and 5 Normal classes, students sit for examinations at the end of April and at the end of Term 3. All exams may be considered both evaluative as well as diagnostic in nature.

Weighting of CA and SA Components
The overall performance of a student is based on the weighting specified below:

<table>
<thead>
<tr>
<th>Semester</th>
<th>Continual Assessment (CA)</th>
<th>Semestral Assessment (SA)</th>
</tr>
</thead>
<tbody>
<tr>
<td>I</td>

<td>30 %</td>
<td>70%</td>
</tr>
<tr>
<td>Total</td>
<td></td>
<td>100%</td>
</tr>
</tbody>
</table>

*Please note that weighting indicated in the table
1) does not apply to modular subjects which are based on 30% CA and 70% SA;
2) does not apply to Lower Secondary Geography and History; and
3) course work-based subjects

Assessment of Lower Secondary Modular Subjects
To help Lower Secondary students manage the academic demands of 10 subjects and to provide a more balanced and enjoyable school experience, we provide modular learning for selected subjects for Secondary 1 and 2 students. The modular curriculum is shown in the table below. The weighting of these subjects will be computed based on 30% CA and 70% SA. For Geography and History, 65% of the marks will be CA-based while the remaining 35% will be SA-based.

Absence from Tests and Examinations

A student who is absent from a test/examination without a medical certificate will get zero mark for that test. Letters of excuse from parents or guardians are not acceptable.

Progress Reports

Report Books
After all major examinations, students will be issued with a Holistic Result slip inserted into the report book which will show how they performed in the examination. The report books must be signed by parents and returned to the form teachers. The school regards parental involvement and home support as essential in helping students improve in studies and conduct.

Leaving Certificate
Leaving certificates will be issued to all students who have completed their secondary education in the school or leave school prematurely with parental approval and have returned entitlement cards and articles borrowed from the school.

School Graduation Certificate
GCE ‘O’ and ‘N’ students will be issued School Graduation Certificates by MOE after they collect their examination results.

Nurturing Self-directed Learners

The school encourages students to develop the capacity for lifelong learning through:
1. Providing regular, purposeful homework;
2. Engaging students in setting realistic yet challenging academic targets and monitoring their progress after each major assessment;
3. Communicating expected learning outcomes / criteria for assessment to students;
4. Promoting the use of self and peer assessment activities;
5. Providing constructive feedback for student self-reflection and improvement; and
6. Celebrating the effort and achievement of deserving students.

Homework

Purpose of Homework
The school believes that regular, purposeful homework is an essential component of effective teaching and quality learning.

Homework is given to:
- provide opportunities for students to practise or apply skills learnt;
- reinforce learning and deepen understanding of content taught;
- extend learning and prepare for new learning;
- develop good study skills and habits; and
- cultivate self-discipline and responsibility for own learning

Homework also provides parents with:
timely information on the learning progress of their child; and
the opportunity to be involved in the child’s learning.

Responsibilities of the School
The School will:

1. coordinate homework load across departments by determining the amount of homework to be set by each department for each level / stream;
2. monitor and moderate the amount of vacation homework across departments;
3. set purposeful homework that supports student learning;
4. refer students with poor homework habits for intervention and supervision at the school’s Homework Corner; and
5. keep parents informed and seek their support if their children display poor homework habits.

Responsibilities of Students
Students will:

1. understand the task or activity to be completed before leaving the class;
2. bring home all required notes and books to complete their work;
3. plan and organize time for homework;
4. complete homework to the best of their ability and submit the work on the agreed day;
5. seek help from the subject teachers if there are doubts;
6. check with classmates and the monthly homework planner on the class notice board if they are absent from school; and
7. complete corrections to improve their learning.

Responsibilities of Parents
Parents are encouraged to:

1. show interest in the child’s work;
2. help the child to develop good study habits by providing a conducive environment for learning at home;
3. monitor the child’s activities to ensure there is sufficient time to study and participate in family or recreational activities;
4. monitor homework completion;
5. encourage the child to complete his own homework; and
6. speak with teachers regarding homework concerns.
**Target Setting**

The school encourages students to take responsibility for their own learning and to cultivate a mindset of excellence. Thus, all students are guided through a target setting process. Students are encouraged to work towards attaining their targets or to exceed performance expectations through diligent and unremitting effort.

**Reward and Recognition for Academic Excellence**

1. CCHY seeks to nurture students with the spirit to strive and excel in all aspects of school life. In the academic domain, we help students to set targets and monitor their attainment of these targets. It is our wish to help each student to achieve value-added results at the end of their educational journey with us. To celebrate the academic achievements of our students, various awards are presented at the end of each academic year.

2. There are 2 categories of awards: Academic Colours and Roll of Honour. Academic Colours are given to recognize the significant effort made by students to value-add to their expected results. There are three levels of awards – Gold, Silver and Bronze. Academic Colours are given regardless of the conduct of the student. This serves as an affirmation for all segments of the student population.

3. Criteria for Academic Colours: *based on overall results*

PROGRESSION PATHS FOR SECONDARY SCHOOL

EDUCATION PATHWAYS FOR ‘O’ LEVEL STUDENTS

GCE ‘O’ LEVEL

- Junior Colleges (JC) and Centralised Institute (CI) provide dedicated students with the skills and knowledge required for tertiary education.

Polytechnics

- Polytechnics offer a hands-on experience in a dynamic and progressive learning environment.

Institute of Technical Education

- The Institute of Technical Education (ITE) aims to develop students’ technical skills and knowledge to meet the needs of various industry sectors.

Private Schools and Institutions

- Private schools and institutions offer additional pathways for students who may not meet the criteria for entrance to other institutions.

Work / Continuing Education & Training

- Options for work experience and continuing education are available for those who wish to pursue a career path.

How to Apply

- Students must apply through the Joint Admission Exercise (JAE).

For more information, visit http://www.moe.gov.sg/education/admissions/

EDUCATION PATHWAYS FOR N(A) AND N(T) STUDENTS

GCE ‘O’ Level Exams N(A) Course (4 years)

Polytechnic Foundation Programme

- A one-year pre-degree programme for students who have completed Secondary 4 Normal Academic (N/A) and wish to enter polytechnic courses.

Preparation Programme (10 Weeks)

- A preparatory programme to prepare students for the polytechnic foundation programme.

Direct-Entry Scheme to Polytechnic Programme

- A direct entry scheme for students who have completed GCE ‘O’ Level exams and wish to enter polytechnic courses.

ITE Nitec (2 years)

ITE Higher Nitec (3 years)

Polytechnic Diploma Courses

- Options for students who wish to pursue a polytechnic diploma after completing the NITEC or NITEC Higher courses.

EL, NL, AM, EA, MA, LA, WA, VA, EN, EM, MA, LA, WA, VA, EN, EM

- EL, NL, AM, EA, MA, LA, WA, VA, EN, EM

Nitec courses are offered at the following polytechnics:

- Ngee Ann Polytechnic
- Singapore Polytechnic
- Temasek Polytechnic
- Singapore Institute of Technology
- polyLife

Eligibility criteria for the new pathways:

- For Nitec courses, students must obtain at least 55% in the Nitec examinations.
- For Higher Nitec courses, students must obtain at least 65% in the Higher Nitec examinations.

Direct-Entry Scheme to Polytechnic Programme

- The Direct-Entry Scheme to Polytechnic Programme prepares secondary 4 Normal (Technical) students for a polytechnic education through an intermediate Higher Nitec programme at the ITE. Students will subsequently be accorded a place in a relevant polytechnic course, as long as they achieve the qualifying-grade point average score in their Higher Nitec course.

- Direct entry is available for students who have completed Secondary 4 Normal (Technical) and wish to pursue a polytechnic diploma.

- Guaranteed place for students in Science & Technology courses whose GPA is 2.5.

- Guaranteed place for students in non-Science & Technology courses whose GPA is 2.0.
CO-CURRICULAR ACTIVITIES (CCA)

The aim of CCA is to teach students skills, inculcate in values and provide opportunities for students to gain 21st C competencies that will equip them to work in this fast-pace world.

1. It is compulsory for every secondary student to take part in one main CCA from the four groups, namely Sports and Games, Uniformed Groups, Performing Arts and Clubs & Societies. The first three groups are considered Core CCA and the last one is Merit CCA.

2. For niche Sports and certain Uniformed Groups / Performing Arts, only students who meet the selection criteria will be accepted.

3. Students are encouraged to pursue and specialize in one main Core CCA. Participation in a second CCA (Core or Merit) is allowed if they are coping well with their first CCA (achieve more than 75% attendance).

4. Students may opt for a change at the beginning of each academic year. However, this does not apply to students in Uniformed Groups and the Chinese Orchestra or Symphonic Band and DSA students.

CCA GRADING SYSTEM
CCHY aims to provide a holistic education which supports students in discovering their strengths, interests and talents. To achieve this, we offer a range of co-curricular programmes. A framework to tie these together and recognise students’ development is the LEAPS 2.0. LEAPS stands for Leadership, Enrichment, Achievement, Participation and Service. Students’ level of attainment for each domain is recorded and students are eventually given a grade of Excellent/ Good/ Fair upon graduation from secondary school. More details can be found in the school website.

<table>
<thead>
<tr>
<th>Co-Curricular Attainment</th>

4. Special Programmes
   - Leaders for Tomorrow Camp @ Guangzhou

**The Class Committee**

The Class Committee provides opportunities for students to participate in the day to day running of the class under the guidance of the Form Teacher/Co-Form Teacher. Class Committee members can be nominated by students from the class, subject to approval by the Form Teacher/Co-Form Teacher.

1. Objectives:
   - To provide opportunities for students to acquire leadership skills
   - To develop class team spirit and instill in students a sense of belonging to the school
   - To promote a culture of care among students
   - To establish a channel for communication between students and the school

2. Criteria for selection:
   - Leadership qualities like a sense of responsibility, a sense of commitment and the willingness to serve.
   - Good academic performance

**Peer Support Leaders**

Peer Support Leaders are involved in Secondary One orientation programmes which aim to enable the Secondary One students adjust to secondary school life.

**NE Ambassadors**

NE Ambassadors lead their peers in National Education programmes like Community Involvement Programme and Learning Journeys. They are also involved in organizing school events and other activities in conjunction with the core NE events: Total Defence Day, International Friendship Day, Racial Harmony Day and National Day.

      c) Repeatedly committing offences listed in B above.

Offences not listed here will be handled by the school on a case-by-case basis. The school reserves full discretion on any consequences meted out.
Disciplinary measures include warning letters, after school detention and demerit points for
the following offences which affects the conduct grade. Recalcitrant students will be
suspended from school for serious offences and award a conduct grade of no better than a
‘Fair’.

THE MERIT/DEMERIT SYSTEM
Chung Cheng moulds the character of the students by promoting desirable acts and behaviour
through values inculcation. Every Chung Cheng student has the responsibility to uphold school
values, and the school recognises the efforts put in by them. Merit marks are awarded to
students who exemplify the school values through acts of kindness or courage and through
services rendered to their peers or the school. All Chung Cheng students are encouraged to
inform the form teacher of acts of kindness/courage or services which upholds the school
values displayed by their schoolmates.

The basic conduct marks for each student at the start of each semester is 65. Conduct grades
will be recorded in the semestral reports and testimonials.

A student’s conduct is classified as follows:

<table>
<thead>
<tr>
<th>CONDUCT</th>
<th>CONDUCT MARKS</th>
</tr>
</thead>
<tbody>
<tr>
<td>Excellent</td>
<td>75 and above</td>
</tr>
<tr>
<td>Very Good</td>
<td>60 – 74</td>
</tr>
<tr>
<td>Good</td>
<td>50 – 59</td>
</tr>
<tr>
<td>Fair</td>
<td>40 – 49</td>
</tr>
<tr>
<td>Poor</td>
<td>39 and below</td>
</tr>
</tbody>
</table>

Student’s conduct marks will be deducted for violation of school rules and regulations. A
student who has committed a major offence will be given a conduct grade not higher than
‘Fair’.

A student who repents after having been given demerit points for minor offences and whose
behaviour improves to a point in accordance with any of the regulations on awards may be
awarded merit marks by the form teachers. For those who have committed major offences,
demerit points will be given after verification by the Student Development Team.

FIRE PRECAUTIONS AND EMERGENCY EVACUATION

Whoever is the first to notice the fire/emergency will inform the Principal/Vice Principal/HODs. Immediate steps will be taken to call the Fire Brigade (Tel No: 995) and activate the fire drill/SOP evacuation plans.

Signals

- The school bell/hand bell will ring continuously for about 1 minute.
- Students are advised to be calm. Walk swiftly and assemble in an orderly manner. Do not panic or talk.

Action to be taken by students

In class

- Stop work immediately.
- Switch off all fans and lights.
- Move out in twos and assemble in the school field.

At the assembly area

- Maintain silence at the assembly area.
- Listen to instructions from teachers.
- Monitors will assist teachers in taking attendance.

Additional Points to note:

- The direction of movement during evacuation depends on the location of danger. The staff and students should be familiar with alternative exits or evacuation routes. Should a specific staircase be shut off or rendered unsafe for use due to smoke or fire, alternative routes should be used.

- All students should respond to the warning signal and leave the premises when the fire alarm is sounded.

- The administrative staff will ensure that class registers and all important documents are removed from the office/laboratories.
